

**VATC Wins STOC II \$17B 10 Year Contract –  
Both Full and Open and Small Business Lots**

January 28, 2009

Tampa, Florida. Visual Awareness Technologies and Consulting, Inc. (VATC) is a winner on the ten-year, \$17 billion PEO STRI Omnibus Contract II (STOC II) for both the full and open (large) business and the small business categories of competition.

PEO STRI serves the Warfighters across the Department of Defense with Industry's most advanced services and products in training, simulations and instrumentation. STOC II is the primary contract vehicle for this support and essential in rapidly and efficiently meeting Warfighter demands.

"We at VATC are excited about this partnership with PEO STRI, and stand ready to continue the outstanding service that helped us win this contract," says Sara Moola, President and Co-Founder of VATC. "This incredible opportunity allows VATC to continue serving U.S. and coalition forces worldwide with the flexible, timely, and professional service required for the challenges of the future."

Visual Awareness Technologies and Consulting, Inc. (VATC) is a leading provider of management services, joint training solutions, information technology, and engineering to Department of Defense, Federal agencies, and coalition partners in support of U.S. National Strategic objectives. VATC has 20 locations worldwide that provide daily interface on technical, programmatic and operations issues. Our foundation of experience is grounded in over 1500 years of combined military, government and commercial operations, specifically in joint operational environments, and complex information technology infrastructure implementation and management.
